GIGI WON THE LOLLI!

...and helped others to survive...

GiGi - Performer, exotic dancer and winner of Survivor SA 2010 is the owner of the infamous Lollipop Lounge. GIGI won R1 million rand in the Survivor SA competition. She donated R500,000 to the Hospice Association of the Witwatersrand in Houghton. The balance of the monies is being used to upgrade the facilities at The Lollipop Lounge where she employs a variety of South African women as showgirls.

GiGi was given two weeks notice to partake in Survivor SA and immediately went into training with her business partner & long time friend Mike Crole in preparation for her month away.

GiGi battled most with the hunger, the cold and then the heat. It was an emotionally draining competition but she was not going to give up and therefore kept a low profile and tried to cause the least irritation. 'The whole competition is a character game,' GiGi states as she was stripped bare on this Island and demonstrated that showgirls are true survivors. Showgirls break the boundaries; they are empowered and thus create their own financial freedom and choices.

GiGi grew up in Paarl, graduated with a Bachelor of Drama Degree, became a dancer but was always looking for more and became an exotic dancer; the start of her exciting career. She is happily married with no children.

The 2010 FIFA World Cup for GiGi means 'business as usual' as she has regular clientele but is eager to show off the talent of her truly South African performers. Lollipop Lounge will offer a shuttle service for Guests at nearby Hotels. 'The World Cup will bring a renewal of energy and enlightenment into the city' she says.

The Lollipop Lounge is open Tuesday's - Friday's from 1pm - 2am. Mondays and Saturday's they are open from 6pm - 2am. Full catering & bar facilities and 3 dance stages are available including a smoking lounge.

Entrance is R50 per person before 7pm and R100 per person after 7pm. gorgeous performers alternate after two songs and there is also the choice of Lap Dancing or Private Dancing.

Call her a Striptease Queen, call her a Penthouse Pet, and call her anything you like - GiGi is a Survivor - Go Gal!
